

Allow Buyers to Sign in to Their Project from Archipad SAV

Posted on August 25, 2026 by Smaheine

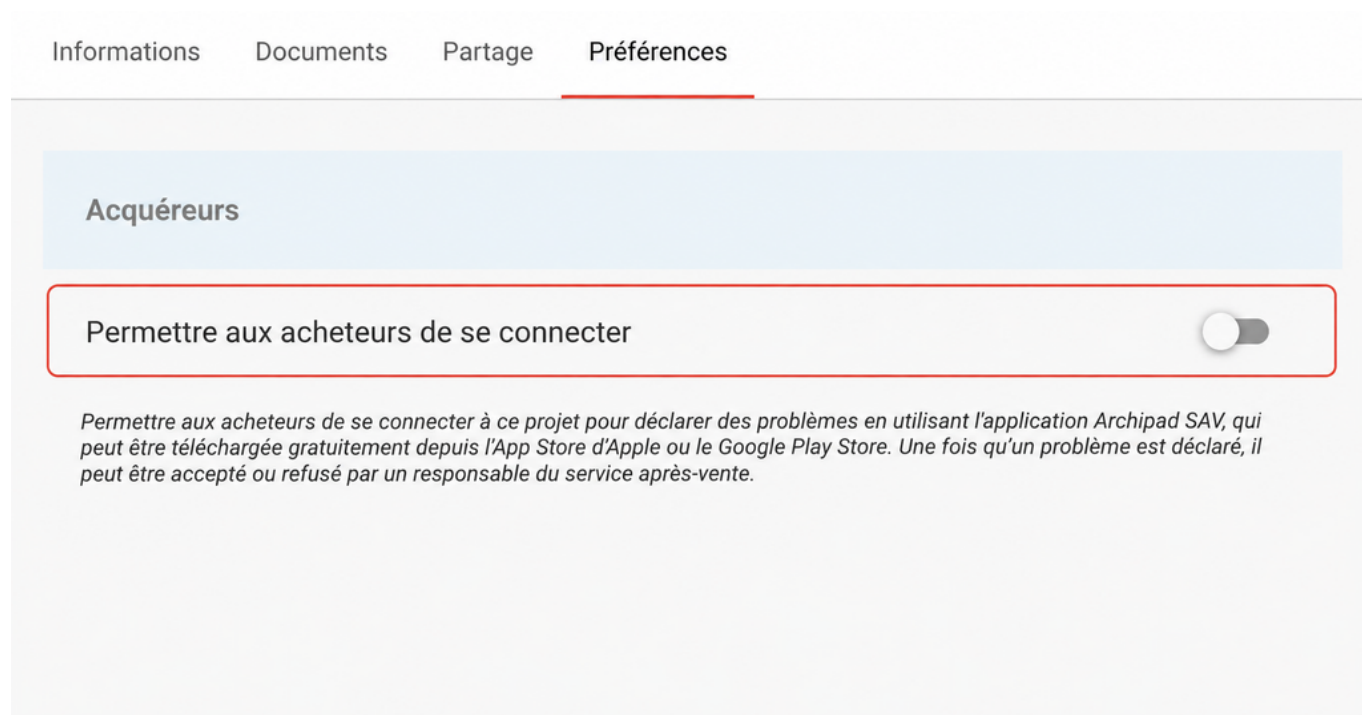

Enable self-reporting in your Project Preferences to allow Buyers to Sign in to their project from the Archipad SAV application and report Defects.

This option can only be enabled from Archipad Web.

Enable Buyer Access

From **Archipad Web**:

1. Open the relevant Project.
2. Select the **Preferences** tab to access settings.
3. Scroll down to the **Buyers** Section.
4. Enable the **Allow Buyers to Sign in** option.

Once the option is enabled, Buyers associated with the Project can Sign in to their project from the **Archipad SAV** application and report Defects.

Each Defect reported can then be accepted or rejected by an after-sales service manager.

Disable Buyer Access

From **Archipad Web**:

1. Select the **Preferences** tab.
2. Scroll down to the **Buyers** Section.
3. Disable the **Allow Buyers to Sign in** option.

When the option is disabled, Buyers can no longer Sign in to their project from the Archipad SAV application.

Required Permissions

You must have the necessary permissions to enable or disable the **Allow Buyers to Sign in** option.

If this option cannot be modified, contact an Administrator for your account.
