Apply a style to a Remark on Archipad iOS

Posted on June 30, 2026 by Smaheine

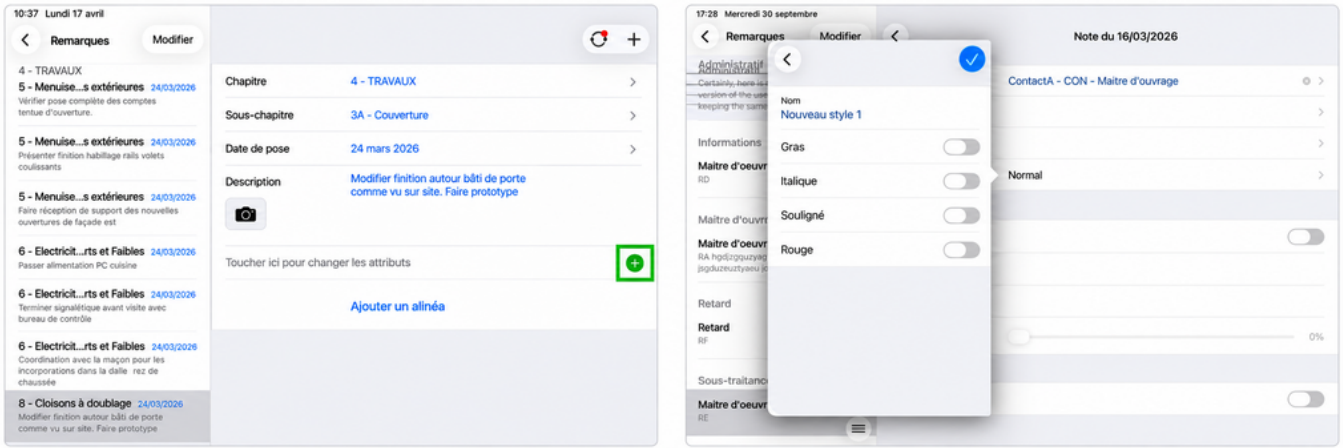

Adding or modifying a Remark style is available only from **Archipad iOS**.

Once the style is applied from iOS, it is also visible on **Archipad Web**.

The available styles are:

- Normal
- **Important**
- **URGENT**

Apply a style to a Remark

1. From the **Remarks** menu, open the relevant Remark.
2. Tap the **green + button** to the right of **Tap here to change attributes**.
3. Select **Style**.
4. Choose the desired style: **Normal**, **Important**, or **URGENT**
5. Add a new style by tapping the + button available on this popup.
6. Tap the **blue checkmark** to validate.

The style is then applied to the Remark and becomes also visible on **Archipad**

Web.
