

Assign a zone type to a site visit

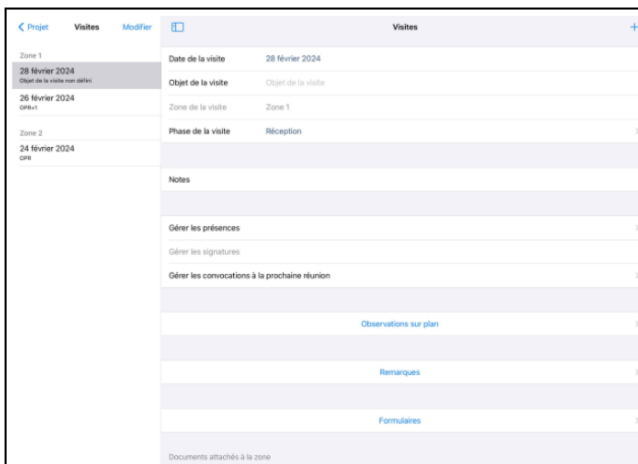

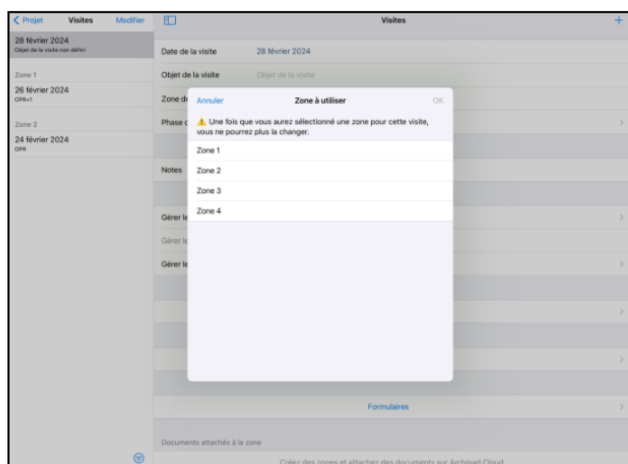

Posted on June 30, 2026 by Smaheine

You can assign zones to site visits from Archipad App and Archipad Cloud.

Archipad App

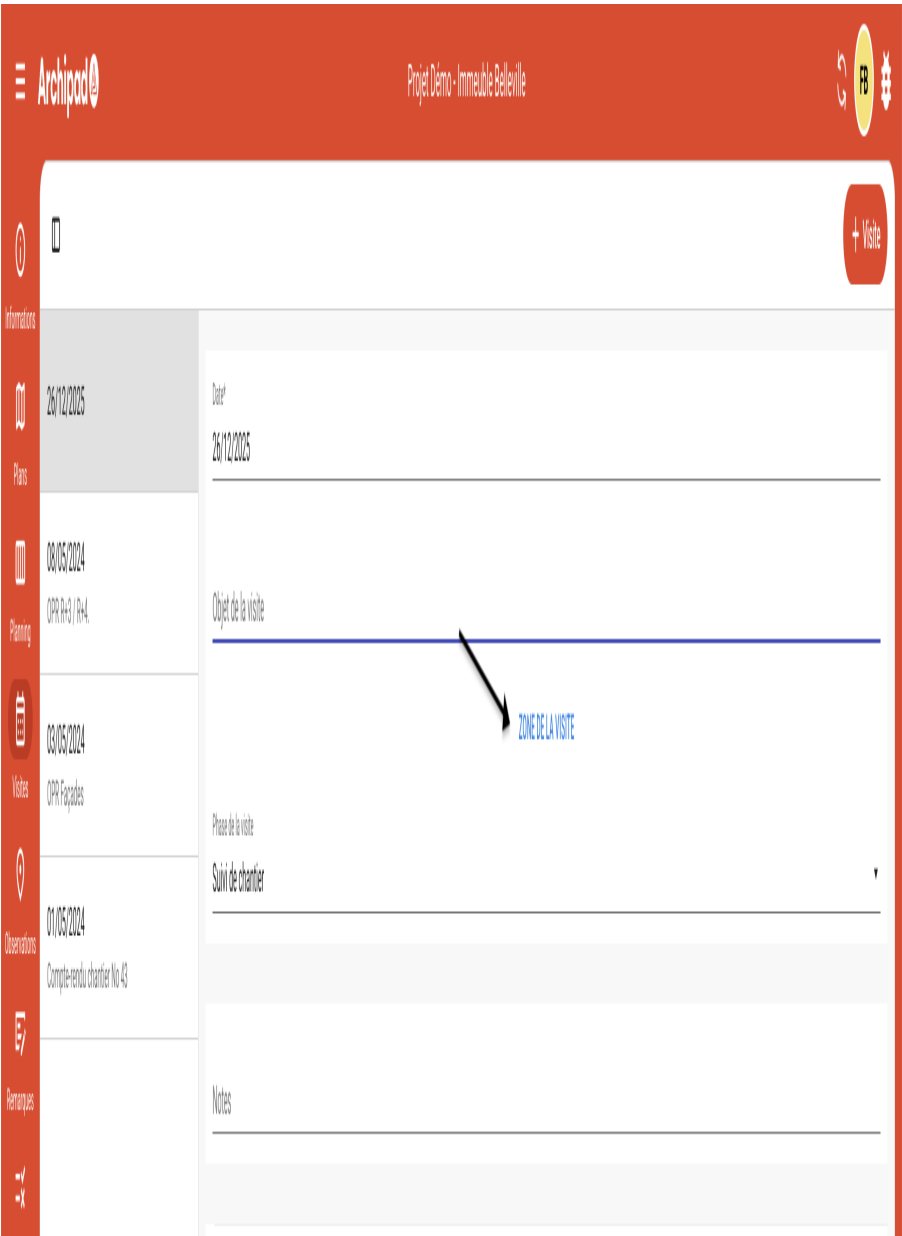

To assign a zone to a site visit on Archipad App:

1. Access the **Site Visits** menu.
2. Select the **Site Visit Zone** field.
3. Choose a zone from the “**Zone to use**” modal.
4. The selected zone will be automatically added to the “zone” section of the relevant site visit.

Archipad Web

Assigning zones to a site visit on Archipad Web is similar to that on Archipad App.

Zone à utiliser pour cette visite
