

# Create a trade package

Posted on August 3, 2026 by Smaheine

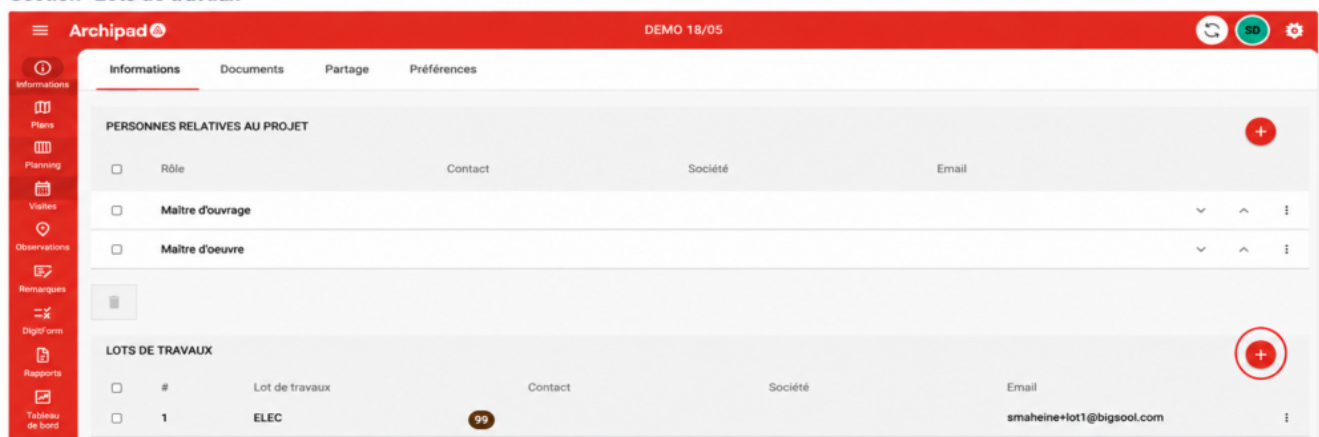

Create a trade package to organize the different trades on your construction site.

## Available on

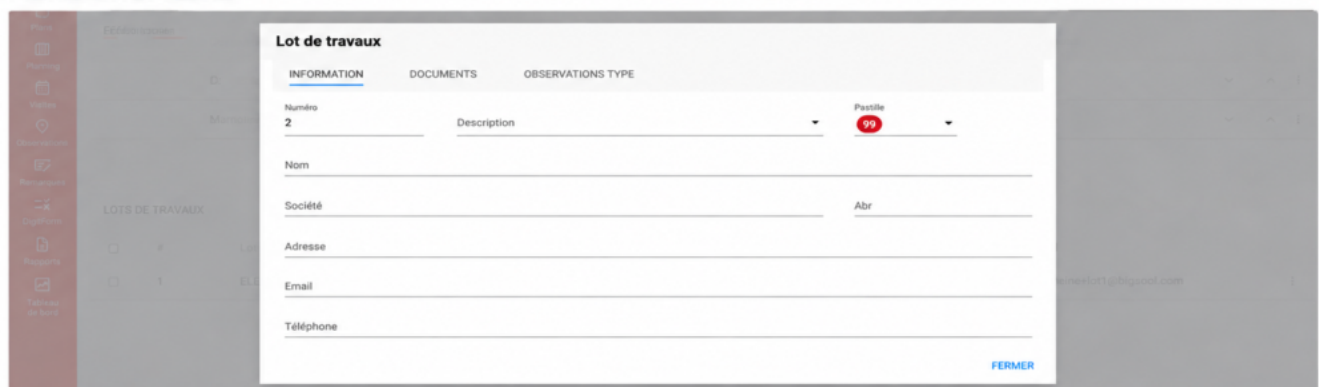

-  **Archipad Web**
-  **Android** (same steps as the Web version)
-  **iPhone and iPad**

## Steps

### Section "Lots de travaux"

### Fenêtre "Lot de travaux"

1. Open the project in question.
2. In the **Trade packages** section, click on **+**.
3. Fill in the trade package information:
  - number;
  - description;
  - name;
  - company;
  - address;
  - email;
  - phone.
4. Click on **Close**.
